

May 5, 2020

From: Chris Temple, Assistant Registrar
To: All Deans and Departments

Subject: Final review for the 2020-21 Undergraduate Bulletin of Information

This communication marks the last formal review opportunity before the Undergraduate Bulletin's annual publication. The current working draft can be found online at https://registrar.nd.edu/BOI/BOI_dept.php.

Please give your dean's office a chance to review any necessary changes by **Friday, May 22**. Revisions should be sent to Chris Temple in the Registrar's Office by email at ctemple@nd.edu by **Friday, May 29**. Offices that do not fall within the purview of a particular dean's office can send change requests directly to the Registrar's Office.

The University's new Academic Articles went into effect on July 1, 2019. One of the associated changes included a transition from special professional faculty (SPF) designations to titles such as teaching faculty, clinical faculty, advising faculty and professor of the practice. Please use these new titles in any faculty listings in the Bulletin.

The new Undergraduate Bulletin will be ready in August for the next academic year.

Thank you.

Respectfully,

Chris Temple
