January 30, 2018

From: Chris Temple, Assistant Registrar
To: All Deans and Departments

Subject: First review of the 2018-19 Undergraduate Bulletin of Information

The annually published Undergraduate Bulletin is scheduled for distribution on August 7 for the next academic year. With the University’s transition to a new Core Curriculum in 2018-2019, the Bulletin provides a unique opportunity to synthesize and document the new academic requirements for incoming undergraduate students.

This communication marks the first of two formal review opportunities before Bulletin publication. The working draft of the 2018-19 Bulletin uses last year’s edition as a starting point and can be found at https://registrar.nd.edu/pdf/BOI_UGDraft.pdf.

Please send changes to your dean’s office for review by Friday, March 2. The deans are asked to forward these materials to the Registrar’s Office in 300 Grace Hall by Friday, March 9. Offices that do not fall within the purview of a particular dean’s office should send change requests directly to the Registrar’s Office.

Thank you for your help with this annual revision process.

Respectfully,

Chris Temple
