Only Graduate Level Students may audit a class

All Audits must be declared by the sixth class day of the semester. For Summer Session the deadline is the same as the last day to drop the class.

- Add the class to your schedule.
- Graduate School students fill in the Graduate School audit request form.
- Graduate Architecture, Graduate Business, and Law School students contact your college/school to request that a class be listed as “Audit” (specify the CRN, Department, Course, and Section number).
- If approved, the “Audit” will be assigned to the class by the appropriate office. (ex: Graduate School for graduate students or Law School for law students.)

All regulations and restrictions pertaining to a class and maximum credit hours allowed for the semester remain in effect whether the class is taken for “Audit” or “Credit”.

Only Undergraduate Juniors or Seniors may use the Pass/Fail option

“Each junior or senior undergraduate may file with their dean during the first six class days of the semester the decision to take one elective course, outside the student’s major department and not required by the student’s program, per semester on a pass-fail basis. Such a filing is irrevocable and will result in conversion by the registrar of the instructor’s final grade report into an entry of P (“pass”) or F (“fail”) on the student’s record. The instructor will not be informed that the student has elected the pass-fail grading option. The registrar will interpret the final grades of “A” through “D” as “pass”. If a final grade of “F” is issued, it will be computed into the student’s grade point average” (as an F grade). (Academic Code 19.1)

- Add the class to your schedule
- Go to the office of your academic dean
- Request that the class be listed as Pass/Fail
- After advising with your academic dean, and at the discretion of the dean, you may be assigned a Pass/Fail for that class by the academic dean

All regulations and restrictions pertaining to a class and maximum credit hours allowed for the semester remain in effect whether or not the class is taken for “Pass/Fail” or “Credit”.
